TO: All Members of UAW Local 578 and Their Families

Sisters, Brothers, and Union Family,

Happy Spring! On behalf of myself, our Executive Board, and Officers, we wish you all the best of the season. In our busy everyday worlds and with all the constant negativity we get surrounded by, it can be tough to keep a positive outlook. I'm no different. This last year has been tough, but I always remind myself of how blessed we are to be Union. That is something that no negativity, epidemic, or virus can take from us.

I have stated it many times in the past, we belong to a Union rich in history rooted right here in Oshkosh, Wisconsin. Since 1938, UAW Local 578 has been fighting for justice in our workplaces and community. That is something special. Our local is celebrating its 83rd birthday this year, and we are stronger than ever. I know this; I see it.

We have very passionate members in our Union. We also have strength in solidarity and the ability to be represented by a final and binding contract for us to provide our labor. And, our labor is filled with the dignity that every human being who provides a hard day's work deserves all accolades that come along with the fruits of their labor.

We are still dealing with a horrible pandemic that has claimed lives, shattered others permanently, and left a horrible situation for so many people. I have written about it and spoken with you all about it with mine and our Board's thoughts. We continue to express our gratitude to our people, their families, those who depend on them, and those who wish to do the best they humanly can, even in the face of all the negativity in everyday life.

Thank you for making UAW Local 578 everything it is today and going forward. I urge you to get involved. We have several committees: CAP, Veterans, Chaplains, Sportsman, Election, Women's and Veterans. There is something for every taste. Just because there is an ongoing pandemic, our Union is still open. We are here and we're not going anywhere.

We are UAW Local 578!

In solidarity,

Bob Lynk
President & Bargaining Chair
