Dear members of UAW Local 578,

Brothers and Sisters, as you know your bargaining team has been working tirelessly in hopes of achieving a new labor contract with Oshkosh Defense. Our agreed to deadline to reach agreement was yesterday, March 30, 2020. We were unable to reach an agreement after going through the process, therefore we will not be bringing the proposal forward for membership to vote on. We are still under contract with Oshkosh as our current agreement doesn't expire until Fall of 2021. As members of our Oshkosh community our committee, officers, and stewards will continue to represent our workforce to the best of our abilities.

The members of our bargaining committee will hold our heads high knowing that we put our absolute best forward to reach an agreement, but at the end of the day we just didn't get there.

We ask our membership now, more than ever, to come together in solidarity with each other.

In solidarity,

The Bargaining Committee of UAW Local 578
